

Cameron Tinney

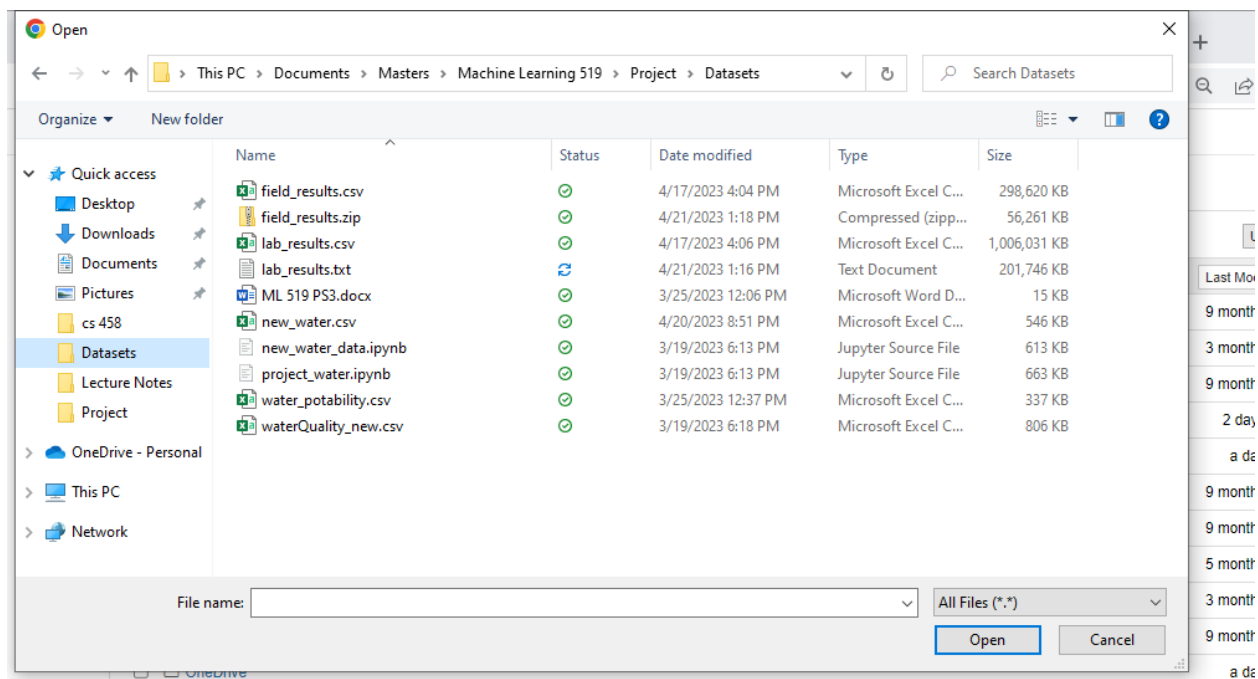

Final Project Jupyter Notebook dataset upload directly into Jupyter notebook.

Please download the most updated version of Jupyter notebook. Here is like to do this  
<https://jupyter.org/install>.

Once you have downloaded datasets onto your desktop. Please select the upload button on home page.

Upload the datasets, one at a time.

Then please download the ipyb files we have as well

Then once all datasets and ipyb files are uploaded you'll be able to run our code in Jupyter Notebook.

Please email us if you have any questions or issues.
